Blackfeet	X	
Crow	X	
Salish & Kootenai		X
Ft. Belknap	X	
Rocky Boy		X

- Joan was unavailable to join this conference call due to flight complications.
- There is no new news on the budget available just yet; hopefully there will be more to share at the April conference.
- Roll out for the software update has been delayed for two weeks.
- One day benefits are still happening in M-SPIRT. Do NOT issue these benefits. There is no way to get M-SPIRT to stop letting them happen. You have to print the benefit, and then void it. Sorry for the inconvenience!
- No one offered up any Outreach ideas for “No Kid Hungry”. Please be thinking of some for next time.

- Mark also went over the “One call now” service.
- Please refer to the links posted for details about the trainings that were discussed.

Questions:

Can you leave a question blank, or do you need to put NA?

- Put NA instead of “none” or leaving it blank.

Is there going to be a “None of the above” option for the smoking/drugs question?

- Yes.

Do aides do this?

- That depends on the set up of your clinic, and how your duties are assigned.

When doing mid-cert, will you see the questions that preceded it?

- No. You’d have to click the previous assessments date to see the old questions/answers.
